The supply of Lynn Havens is reported to be large and of fine quality. This oyster, however, is in a class by itself. The flerce weather of last winter had lot to do with the industry being crippled, and it seems as though the depredations last summer have about paralyzed the business that at one time was a source of great revenue to the State.

Mayor Riddick to-day ordered Police Chief Veillines to notify the proprietors of all the poker rooms in Norfolk that they would have to close their places or stand the consequences.
